

Addenda

► **A. GEC Information**

This Mathematics course can be used, depending on your degree program, to satisfy the Quantitative and Logical Skills category of the General Education Requirement (GEC). The goals and learning objectives for this category are:

Goals: Courses in quantitative and logical skills develop logical reasoning, including the ability to identify valid arguments, use mathematical models and draw conclusions based on quantitative data.

Learning objectives: Students comprehend mathematical concepts and methods adequate to construct valid arguments and understand inductive and deductive reasoning, scientific inference and general problem solving.

► **B. Disability Statement**

Students with disabilities that have been certified by the Office for Disability Services will be appropriately accommodated, and should inform the instructor as soon as possible of their needs. We rely on The Office for Disability Services (located in Warner Center 226) for verification of the need for accommodation and assistance in developing accommodation strategies. If you have not previously contacted the ODS we encourage you to do so as soon as possible. See also:

► **C. Academic Misconduct Statement**

It is the responsibility of the Committee on Academic Misconduct to investigate or establish procedures for the investigation of all reported cases of student academic misconduct. The term 'academic misconduct' includes all forms of student academic misconduct wherever committed; illustrated by, but not limited to, cases of plagiarism and dishonest practices in connection with examinations. Instructors shall report all instances of alleged academic misconduct to the committee.

For additional information, see the Code of Student Conduct

http://studentaffairs.osu.edu/resource_csc.asp

► **D. Make-up exams.**

You must have a permission slip that has been completed by your instructor to take a make-up exam. To receive a permission slip, you must provide your instructor with documentation demonstrating a conflict with the regularly scheduled exam. Students who have a time conflict with another regularly scheduled OSU course may take the make-up exam. However, students with other types of time conflicts (like work, social activities, etc.) should prearrange to take the exam at the scheduled time and date. The requests for the make-up must be received by the instructors well ahead of time (one week at least).

► **E. Prerequisite.** Mathematics 151 (with a grade of C- or better).
