KNOTS IN CHICAGO

September 10, 2010

**Legendrian and transverse knots and  
their invariants**

*Sergei Chmutov*

The Ohio State University, Mansfield

## Jean-Gaston Darboux

August 14, 1842, Nîmes – February 23, 1917, Paris

**Doctoral advisor:** Michel Chasles

**Doctoral students:** Émile Borel,  
Élie Cartan,  
Édouard Goursat,  
Charles Émile Picard,  
Thomas Stieltjes,  
Stanislaw Zaremba

**Notable awards:** Sylvester Medal
