

# Math 153.01 Recitation Syllabus

## The Ohio State University, Autumn Quarter 2011

### Recitation Instructor:

Nicholas R. Peterson

Office: Mathematics Tower (MW) 549

Email: [peterson@math.ohio-state.edu](mailto:peterson@math.ohio-state.edu)

Web: <http://www.math.ohio-state.edu/~peterson/>

I will occasionally send announcements to your **name.#@osu.edu** email account; please be sure to check your email. If you are going to email me about grades or other sensitive information, you *must* do so from your official university email account.

### Office Hours:

Tuesday/Thursday, 11:30-1:18 in MW549, or by appointment.

I am also available in the MSLC on Fridays, 9:30-11:18, in CH032.

### Homework:

Homework will be announced in class, and collected on a regular basis. You will be responsible for completing and turning in all of the assigned problems; I will then choose a subset of these problems to grade and return to you with comments. If you have any questions about the problems I have not graded, feel free to come by my office hours and I will gladly look them over!

Please see the attached homework guidelines - your homework will be graded both on correctness and on adherence to the published guidelines.

### Quizzes:

There will be five quizzes throughout the quarter. You can see the course calendar for the exact dates; I will also remind you in advance. Please note that Dr. Andrews' calculator policy for the midterms will also be enforced for these quizzes.

In general, I will not give makeup quizzes without documentation of a medical (or other) emergency. In particular, if you DO miss a quiz, it is your responsibility to contact me AS SOON AS POSSIBLE to request a makeup.

However, if you know ahead of time that you will be gone, please contact me in advance - I'm often willing to try to make accommodations if you talk to me about it!
